

Rens Kitchen Buffet Menu...

Our buffet menu is our best selling menu, and a certain crowd pleaser!

It is super tasty, looks great and offers brilliant value for money. We never run out of food, and have designed a menu that looks as good at the start as it does at the end, so all your guests will get the same great food and service.

Our chefs can either serve your guests one by one from stainless steel chauffant dishes, or we can simply set up a buffet table for you to enjoy at your leisure.

This menu is great for informal, family gatherings, or birthdays.
